On October 29, Axinn eDiscovery manager Jason Rylander will speak on the “Handling Modern Attachments in MDLs and Complex Litigation” panel as part of the *Litigator’s Roundtable Series* hosted by Lighthouse.

Panelists will discuss :

- How recent court decisions are impacting how modern attachments must be handled in complex litigation;
- How law firms are handling modern attachments in complex litigation for corporate clients and;
- Current best practices for handling cloud attachments in ESI protocols.
