Axinn partners Matthew Murphy and Aziz Burgy will speak at American Conference Institute's *Paragraph IV Disputes Conference*, being held April 29-30 in New York.

On April 29, Matthew will speak on the "Determining What's Listable in the Orange Book: What Can We Glean from the Latest FTC Activity on Drug Device Combinations, and Counterclaims?" panel. Panelists will discuss:

- The rise of FTC scrutiny of Orange Book patents;
- Patent portfolios for potential FTC targets;
- Preparing for delisting as a strategy in the district courts following the decision in the *Teva v. Amneal* case and more.

On April 30, Aziz will speak on "The Next Frontier for Drug Discovery and Patent Law: A Hatch-Waxman Practitioner's Guide to Artificial Intelligence." Panelists will discuss:

- How AI can assist with drug discovery and across the life sciences sector;
- USPTO inventorship guidance on AI-assisted inventions;
- The potential impact of Algorithmic prior art on eligibility and litigation and more.
